COMMUNITY. CONNECTION. CELEBRATION.

October 13, 2023 | 28th of Tishrei

Torah Portion: Bereshit | Candle Lighting: 6:03pm

DEAR FRIENDS,

G-d created light and dark. There are two extremes that exist in this world: good vs evil. This battle is an intense one. But we fight darkness with light. Whatever light you can bring into this world will combat this darkness and chase it away. We don't have to feel like a victim. We can engage in this battle on the spiritual front and be proactive! We can each feel empowered to take on something new spiritually and help win this war that not only is taking place down here but also in the spiritual spheres.
